## SECONDARY BUTTONS

Tap to reveal/hide secondary buttons

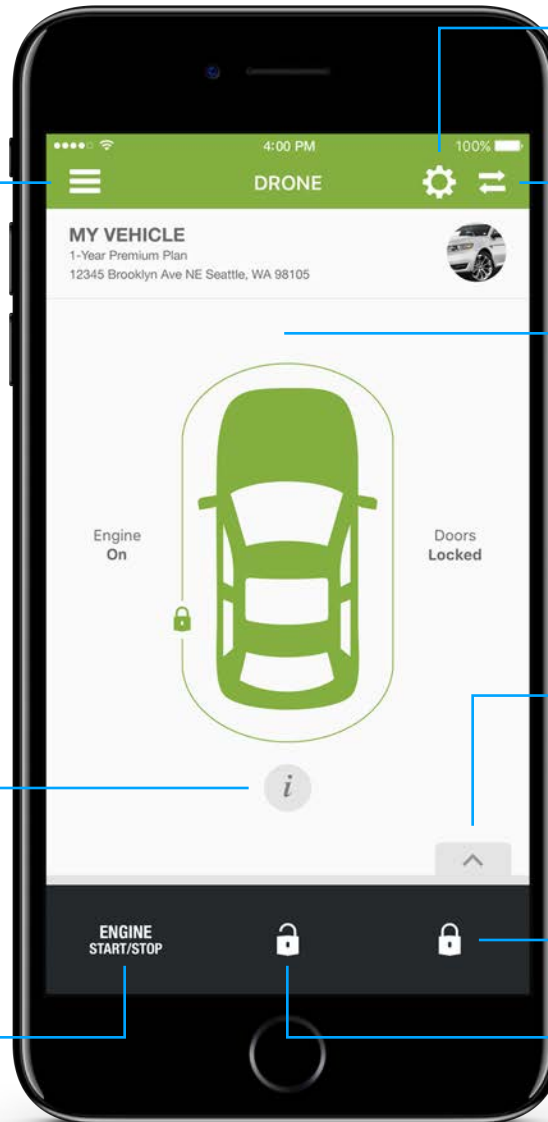

## LOCK

Tap to lock your car vehicle

## UNLOCK

Tap to unlock your vehicle

# Quick Start - Maps

The image shows a smartphone screen with a map application. The status bar at the top shows 'T-Mobile Wi-Fi', '10:01 AM', and '98%' battery. The app header is green with a hamburger menu icon, the word 'MAPS', a refresh icon, and a location pin icon. The map shows a street grid with a blue circle representing the smartphone's location and a grey car icon representing the vehicle's location. A bottom panel shows 'My Vehicle' information and a 'DIRECTIONS TO VEHICLE' button. Blue lines connect text labels to these specific UI elements.

**LOCATION PIN**  
Tap to center the map on your smartphone's location

**SMARTPHONE LOCATION**  
Indicates the GPS location of your smartphone

**DIRECTIONS**  
Tap to get directions to your vehicle

**REFERSH LOCATION**  
Tap to update your vehicle's GPS location

**VIEW OPTIONS**  
Tap to select multiple vehicles and to change map style

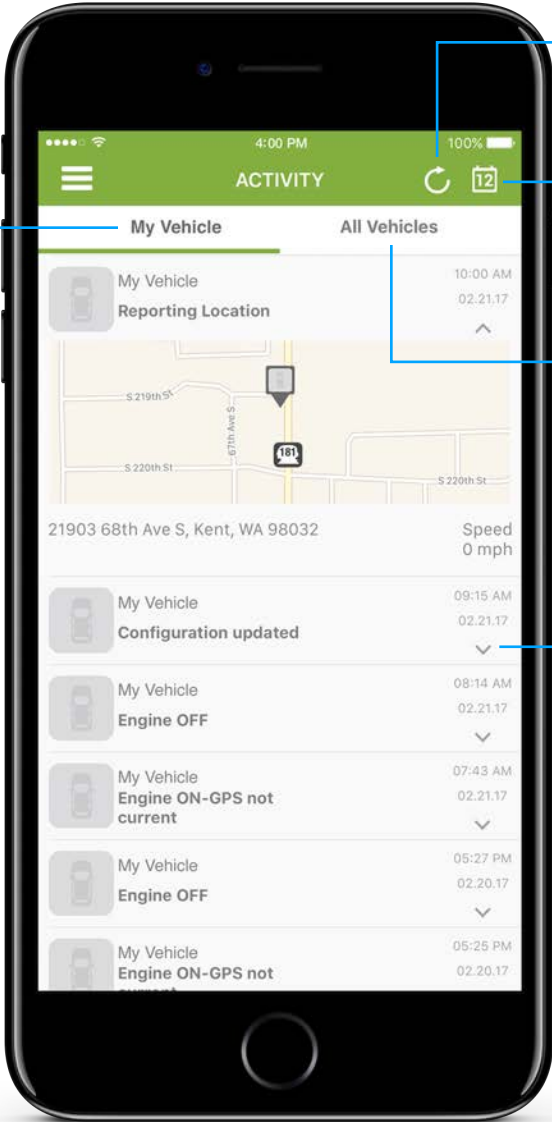

**VEHICLE LOCATION**  
Indicates the GPS location of your vehicle

**LOCATION DETAILS**  
Tap to reveal/hide location information

**DIRECTIONS TO VEHICLE**

# Quick Start - Activity

**MULTIPLE VEHICLES**  
Tap to display all account vehicles' activity in list format
